To Whom It May Concern:

I am pleased to write this letter of recommendation for Marston A. Younger.

I have known and employed Marston since February of 2000 in my capacity as Vice President for Development at the Lobero Theatre Foundation in Santa Barbara, CA. Marston's position as Database / Direct Mail Coordinator has been very important to the organization.

Marston is an exceptional employee, very intelligent and effective in his duties. He is very good at meeting deadlines, very well organized and a problem solver. Marston always presents a problem or issue with a solution. He is a self-starter, makes good value judgments and is trustworthy.

He has proven to be a good team player, yet he works very well independently. Often in my position, I have had the need for last minute information for a presentation and I have always received his full support with accurate, dependable materials and in a timely way.

The staff that he interacts with on a daily basis and I have thoroughly enjoyed working with Marston and I would definitely hire him again.

If you have any questions regarding Marston, do not hesitate to contact me at the above number.

Sincerely,

Michaeleen Howatt-Nab
