

UCEAP CUSTOMER TESTIMONIALS

"Thank you so much, Marston. I am truly grateful not only for the concrete help and tools you generously provided, but also for your words of encouragement and support. In light of your expertise in this area, your helpful gesture was especially valuable to me.

Thanks again."

—**Jeanie O'Connell**

International Programs Specialist

"Fabulous, quick turn around, a pleasure to work with, dependable, and always has good input for improving the product. [Marston is] the best and always appreciated."

—**Leanne Figueiroa**

Director's Office

"I have been working closely with Marston for many years and I have come to depend on him on a regular basis as I have to update the 'In an Emergency' and 'Current Alerts' pages regularly. I also consult with him about ways to present this information more efficiently. Marston has always been reliable, approachable, and efficient. I appreciate his trained eye and his skill immensely."

—**Inés De Romaña**

Health, Safety & Security

"Marston takes the time to listen to project goals, offer problem solutions, and advise on technical tools available to ensure that the Director's Office gets the results we are looking for. Marston accommodates Director's Office requests, which are often urgent or last minute, in a very timely manner, while still recognizing and dealing with other organizational priorities. Marston brings a technical expertise and skill level to the project that enhances the initial concept. Given time and resources constraints often associated with our unit's projects, it is necessary to be able work with other stakeholders to adapt scope and reach compromises to achieve a quality product with fast turn around time. Marston has handled these challenges with skill and good humor."
